Message from the Secretary

The Department of Health has come up with a vital publication, the Field Health Service Information System Annual Report. It reflects activities and accomplishments for calendar year 2004 and will serve as a reference for planning and decision-making both at the local and national levels.

Indeed, we would like to acknowledge and appreciate the support and dedication of our frontline health workers in the provinces, cities, municipalities and barangays who tirelessly deliver quality health services to our clientele. Likewise, we extend our heartfelt gratitude to all our partners in health especially the local government units, non-government organizations, other government agencies and the community who have always been supporting us in all our undertakings.

Moreover, we also express our sincerest gratitude to all the staff at the regional, provincial, city and municipal health offices, whose dedication and commitment have contributed to the realization of this report.

FRANCISCO T. DUQUE III, MD, MSc
Secretary of Health
